

# What is PBIS?

PBIS is not a curriculum or a kit. Rather it is a process that focuses on:

1. Establishing clear expectations for all students in all settings of the school.
2. Identifying positively stated rules for each expectation tailored, to every setting of the school.
3. Teaching students expectations and rules.
4. Reinforcing students who behave according to the school's expectations/rules.
5. Differentiating between minor (classroom-managed) and major (office-managed) behaviors.
6. Developing specific consequences for students who choose not to conform to school expectations/rules.
7. Evaluation of behavioral data and academic data.
