

Dear Parents:

We at Woodlawn Elementary highly value the art and practice of reading and realize how important it is to the total development of your child. Research shows that the more your child reads, the more success he or she will experience at school.

Our students have access to a wonderful and varied collection of books and other materials. We encourage them and you to use the Library Media Center frequently. Read with your child and share his or her books. Make a special effort to make reading an important part of each day.

It is also significant for the students to realize the responsibility that comes with the privilege of borrowing materials from the school. Please assist your child in learning to care properly for all such items. When library materials are checked out, the student is accepting the responsibility to return them in a timely manner and in good condition. If library materials or classroom textbooks are lost or damaged, please let me know so that arrangements can be made for appropriate payment.

If I can be of any assistance, please call or come by and visit our Library Media Center.

Sincerely,  
Charlene Gernon  
Library Media Specialist
